

# EIB IR Control

Handle your EIB/KNX by a modern infrared remote controller

## Highlights

- One infrared-remote control for TV, Video, Sat and the complete EIB/KNX
- Supports all EIB/KNX-telegrams (also non-EIS)
- Switch, Dimm, Temperature Control, Shutter, Central Functions, Scene
- Grafic user interface
- Realistic displayed rooms (ground plan)
- Easy integration of EIB/KNX into own Systems
- 1 IR-controller supports up to 8 IR-sensormoduls
- IR-receiver in Artcase with integrated buscoupler for configuring the remote control no ETS is required

## Using the EIB-IR-Control

- Replacing conventional remote controls
- Controlling the complete EIB/KNX
- Controlling lights and technic units in lecture halls direct by the lecturer
- Replacement for EIB-panels
- Controlling the EIB/KNX independently of wall-mounted push buttons
- Replacement for rows of push-buttons
- Individual controlling of rooms with partitions

## Contens of delivery (EIB IR Controller)

EIB IR controller (rail mounting device) with integrated 100V - 240V wide range power supply  
Software for parametrization

## Contens of delivery (EIB IR-sensor in Artcase)

- EIB IR-Sensor in artcase with integrated EIB/KNX buscoupler (no power supply required)
- Software for parametrization

## Contens of delivery (EIB IR Sensor)

- 1 EIB IR Sensor

## Remote Control

The remote control is not available from us. The remote control used needs to provide the opportunity to the store generated IR codes as hex data and to send these codes unchanged.
